

SONG OF MOSES

Fallen, fallen, Babylon the great
Desolation is her fate
Wrath of God poured on the earth
On the water, in the air

Beasts and angels, elders and the host
Thunder, lightning at the throne
Smoke of glory and of power
Will you see the final hour?

Song of Moses we will sing
Who won't fear you, Lord our King?
Just and true are all your ways
Nations will soon sing your praise

Song of the Lamb let us bring
Harps of God thru heaven ring
Book of Life is in your hand
When you come back who can stand?

Fire, fire, seven vials of God
All the seas have turned to blood
Grievous sores befall the men
Scorching those who won't repent

One hundred and forty-four thousand
Redeemed to the God of heaven
In whose mouths there is no guile
Even in the final hour

Song of Moses we will sing
Who won't fear you, Lord our King?
Just and true are all your ways
Nations will soon sing your praise

Song of the Lamb let us bring
Harps of God thru heaven ring
Book of Life is in your hand
Judgement comes down on our land
When you come back who can stand?

Father
Father
Father
Children call to you
(Your children calling to you)

Father
Father
Father
Children come to you
(Your children coming to you)

Song of Moses we will sing
Who won't fear you, Lord our King?
Just and true are all your ways
Nations will soon sing your praise

Song of the Lamb let us bring
Harps of God thru heaven ring
Book of Life is in your hand
Judgement comes down on our land
Book of Life is in your hand
When you come back who can stand?
